ORIENTATION DAY

Conducted on: 8th January 2021. Orientation Day at college marks the beginning of a new chapter in students' lives as they embark on their higher education journey. It's a day filled with excitement, anticipation, and a bit of nervousness as students step foot onto the campus for the first time. The primary purpose of Orientation Day is to familiarize students with the college environment, resources, policies, and academic expectations.

Orientation Day for the Batch of 2021- it was an astounding sight to witness freshmen with great appetite & enthusiasm to step into the vibrant learning community.

VALOROUS 2K21

Conducted on: 25th-26th January 2021. A "Technical Feast" at college typically refers to an event or celebration that focuses on showcasing and celebrating technological innovations, achievements, and advancements within the college community. These events are often organized by technical clubs, departments, or student organizations and aim to promote interest and enthusiasm for various fields of technology among students.

MEGA PLANTATION DRIVE

Conducted on: 29th July 2021. Plantation drives play a vital role in promoting environmental stewardship, fostering community resilience, and creating green spaces that enhance the quality of life for present and future generations. By working together to plant trees and restore natural ecosystems, individuals and organizations can contribute to building a more sustainable and resilient planet.

NSS Activities

WORLD PHARMACY DAY

Conducted on: 25th September 2021. The World Pharmacy Day is an international event observed annually on September 25th. It is a day dedicated to recognizing the important role pharmacists play in healthcare and promoting the value of the pharmacy profession worldwide. The day serves as an opportunity to highlight the contributions of pharmacists in improving patient outcomes, ensuring medication safety, and advancing public health initiatives. Various organizations and pharmacy associations around the globe organize events, campaigns, and educational activities to celebrate World Pharmacy Day and raise awareness about the vital role of pharmacists in healthcare delivery.

WORLD HEART DAY

Conducted on: 29th September 2021. World Heart Day is observed on September 29th each year. It is an international campaign established to raise awareness about cardiovascular disease (CVD) and promote heart health around the world. World Heart Day encourages individuals, communities, and governments to take action to prevent and control CVD, which remains the leading cause of death globally. The campaign aims to educate people about risk factors for heart disease, such as smoking, unhealthy diet, physical inactivity, and excessive alcohol consumption. It also emphasizes the importance of adopting heart-healthy behaviors, including regular physical activity, maintaining a balanced diet, avoiding tobacco use, and managing stress.

NSS Activities

BATHUKAMMA CELEBRATIONS

Conducted on: 9th October 2021. Our students in their traditional attire celebrated the traditional Bathukamma festival harmoniously, stacked the seasonal flowers and celebrated the sisterhood and culture of Telangana in all its glory. Faculty and students clad in traditional attire brought various colourful flowers and organised Bathukamma. They took part in traditional dance. The celebrations began with the making of Bathukamma and followed by Dandiya.

NSS MEET WITH NGO

Conducted on: 5th November 2021. NSS meet with the students along with the SWECHA NGO team to discuss the plan of action and details of the science fair for govt high school students of Medchal- Malkajgiri district.

NSS Activities

PROGRAMME WITH GLAND PHARMA LIMITED

Conducted on: 16th November 2021. It truly was an honour to host the Talent Acquisition team for conducting the recruitment drive of the most reputed fastest-growing, small molecule generic injectables - focussed company, Gland Pharma Limited.

NATIONAL PHARMACY WEEK CELEBRATIONS

Conducted on: 17th November 2021. Celebrating National Pharmacy Week at college is fantastic opportunity to recognize the contributions of pharmacists to healthcare and to engage students in various activities related to the pharmacy profession. As part of National Pharmacy Week celebrations, we had the opportunity to get enlightened by the eminent speakers, Dr. Y Sridhar Reddy & Mr. KM Vishwanath on various trends in Pharmacy.

Cultural Events

REPUBLIC DAY

Conducted on: 26th January 2021. Republic Day is a significant national holiday celebrated in countries that have adopted a republican form of government. It commemorates the day when the country's constitution came into effect, establishing it as a sovereign republic. In India, Republic Day is celebrated on January 26th each year, marking the date in 1950 when the Constitution of India was officially adopted, replacing the Government of India Act (1935).

INDEPENDENCE DAY

Conducted on: 15th August 2021. In the context of India, Independence Day is celebrated on August 15th each year, commemorating the nation's independence from British rule in 1947. The day holds immense historical and cultural significance as it marks the culmination of India's freedom struggle, led by iconic figures such as Mahatma Gandhi, Jawaharlal Nehru, and numerous other freedom fighters.

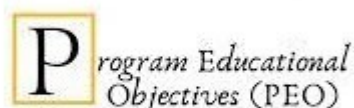

About MLRIP

To be an educational institute of par excellence and produce competent pharmacy professionals to serve the community through research and the ever-increasing needs of Industry.

1. Imparting quality education and innovative research for various career opportunities.
2. Creating conducive academic environment to produce competent pharmacy professionals.
3. Indoctrination of students adorned with high human values and make them aware of their responsibility as health care professionals.

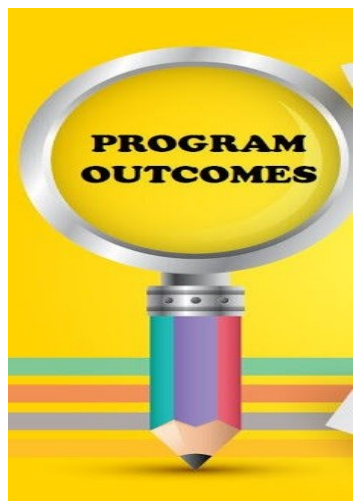

PEO 1: To produce graduates with sound theoretical knowledge and technical skills required for their career opportunities in various domains.

PEO 2: To incite the students towards research and to address the challenges with their innovative contributions for the benefit of the mankind.

PEO 3: To instill the essence of professionalism, ethical commitment to become a health care professional with sound integrity and adherence to the core human values in the service of the society.

1. **Pharmacy Knowledge:** Possess knowledge and comprehension of the core and basic knowledge associated with the profession of pharmacy, including biomedical sciences; pharmaceutical sciences; behavioral, social, and administrative pharmacy sciences; and manufacturing practices.

2. **Planning Abilities:** Demonstrate effective planning abilities including time management, resource management, delegation skills and organizational skills. Develop and implement plans and organize work to meet deadlines.

3. **Problem analysis:** Utilize the principles of scientific enquiry, thinking analytically, clearly and critically, while solving problems and making decisions during daily practice. Find, analyze, evaluate and apply information systematically and shall make defensible decisions.

4. **Modern tool usage:** Learn, select, and apply appropriate methods and procedures, resources, and modern pharmacy-related computing tools with an understanding of the limitations.

5. **Leadership skills:** Understand and consider the human reaction to change, motivation issues, leadership and team-building when planning changes required for fulfillment of practice, professional and societal responsibilities. Assume participatory roles as responsible citizens or leadership roles when appropriate to facilitate improvement in health and well-being.

6. **Professional Identity:** Understand, analyze and communicate the value of their professional roles in society (e.g., health care professionals, promoters of health, educators, managers, employers, employees).

7. **Pharmaceutical Ethics:** Honour personal values and apply ethical principles in professional and social contexts. Demonstrate behavior that recognizes cultural and personal variability in values, communication and lifestyles. Use ethical frameworks; apply ethical principles while making decisions and take responsibility for the outcomes associated with the decisions.

8. **Communication:** Communicate effectively with the pharmacy community and with society at large, such as, being able to comprehend and write effective reports, make effective presentations and documentation, and give and receive clear instructions.

9. **The Pharmacist and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety and legal issues and the consequent responsibilities relevant to the professional pharmacy practice.

10. **Environment and sustainability:** Understand the impact of the professional pharmacy solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

11. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
