12:45PM - 2:00PM	Lunch Break
2:00PM - 3:00PM	Panel discussion 1
3:00PM - 4:00PM	Panel discussion 2
4:00PM - 4:30PM	VALEDICTORY

About Conference

Bridging Borders International Conference is a dynamic and enriching two-day event that unites Pharm.D. students from India and around the world for a collaborative exchange of ideas, knowledge, and innovation in the field of pharmacy. This conference serves as a vibrant platform for students to present their research through engaging poster and oral presentations, facilitating discussions on cutting-edge advancements in pharmaceutical sciences and healthcare. With a strong emphasis on cross-cultural learning, the event promotes global perspectives and fosters a deeper understanding of healthcare systems across different countries. In addition to academic and research-focused activities, the conference offers unique networking opportunities for participants to connect with peers, industry professionals, and thought leaders, paving the way for future collaborations and professional growth. Renowned experts from the pharmaceutical industry and academia will deliver insightful keynote speeches, inspiring students to push the boundaries of their research and contribute meaningfully to the future of global healthcare.

About Avenida Innovations

Avenida is a innovative healthcare solutions company committed to improving patient outcomes through innovative, patient-centric services. Focused on bridging gaps in healthcare delivery, Avenida offers a wide range of solutions, from medication management to pharmaceutical care, aimed at enhancing the quality of healthcare across diverse communities. With a mission to create more accessible and efficient health services, the company leverages cutting-edge technologies, expert collaborations, and a dedicated team of professionals to address the evolving needs of patients and healthcare providers.

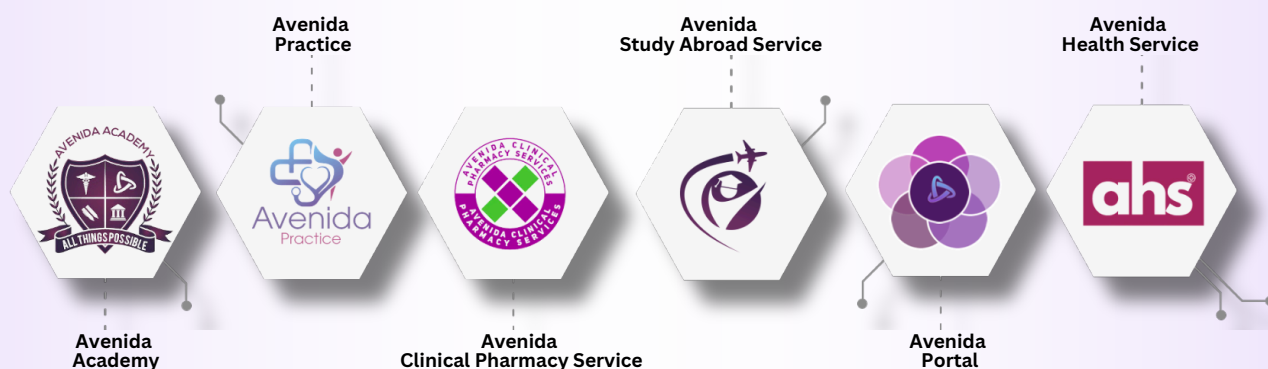

Avenida Innovations has two verticals: Avenida Academy and Avenida Practice.

Avenida Academy partners with individuals and institutions and helps them in their pursuit of professional excellence.

Avenida Practice handles various healthcare projects and provides clinical pharmacy services.

Avenida Innovations has working relation with organizations like Arintra, Rainbow, Mapmygenome, Suvarna Swastya, First Care Clinics, Knowurture, 3 Analytics, SciVoc, MedAux, Litemed, Vigiserve, Jiyyo, Queens Health Mall, Dr. Cure Pharmacy etc.

Verticals of Avenida

About MLRIP

MLRIP is established in 2007 with the sole mission of providing quality pharmacy education to meet the needs of society. Nestled in a peaceful environment, MLRIP stands proudly on a sprawling 2.5-acre campus, offering students an ideal setting for academic pursuits.

The institute is accredited by the Pharmacy Council of India (PCI), New Delhi, and affiliated with JNTU, Hyderabad. Additionally, it holds NBA accreditation, underscoring its commitment to excellence in education. The campus features modern, well-ventilated classrooms, 17 state-of-the-art laboratories, a comprehensive library, and an array of resources designed to support pharmacy education. MLRIP's digital library is a unique highlight, boasting a collection of rare e-books across various pharmacy disciplines. With a focus on research and innovation, the institute offers undergraduate and postgraduate programs, including a 4-year B.Pharm, a 6-year Doctor of Pharmacy, a 3-year lateral entry Pharm.D (PB), and a 2-year M.Pharm (Pharmaceutical Analysis and Quality Assurance). The intake capacity includes 100 students for B.Pharm, 30 for Pharm.D, 10 for Pharm.D (PB), and 15 for M.Pharm. At the core of MLRIP's vision is the aim to be an institute of excellence, producing competent pharmacy professionals who contribute to society through research and innovation. The institution is dedicated to creating a conducive academic environment that fosters career opportunities and professional growth.
